

# WATER FOR LIFE

WHERE THERE IS WATER, THERE IS LIFE

And if anyone gives even a cup of cold water to one of these little ones who is my disciple, truly I tell you, that person will certainly not lose their reward." Matthew 10:42 (NIV)

# Caribbean countries

Life in rural Haiti..

Young as well as old are sent to get water

OUR RESPONSE TO CHANGING NEEDS FOR WATER

WATER FOR LIFE DLO POU LAVI

WATER FOR LIFE

WATER FOR LIFE

WATER FOR LIFE

Where people get their water

Where people without wells get their water

# Process of a Well Request

- 1. Village makes a well request
- 2. Leaders in the community tell us how many people and livestock are in their area
- 3. We send our representative to verify and decide how many wells are needed in the community at large

# Process of a Well Request, continued

- 4. We look for sponsorship partners
- 5. Local participation:  
Pay for materials and labor to construct the cement platform that surrounds the hand pump (~\$125 USD)

6 One community well supplies water to approximately:

- 350 people
- 50 livestock
- Well Depth (50ft–80ft) —
- 100 working well stock
- Well used for orphanages, schools, churches, missions

2. School supplies and equipment
3. Maintenance of school facility
4. For hot lunch

If you are interested, Please fill out the form on the back and mail to us in Kalona.

# MOBILE MEDICAL CLINICS

- Our newest program; we started these in 2013
- We see an average of 600 in 2 days of work
- We try going where we recently drilled some wells
- That way, we're not just teaching the importance of cleanliness but we know they now have the possibility of applying it.

# MOBILE MEDICAL CLINICS

Areas with no medical facility

# MOBILE MEDICAL CLINICS

We teach  
preventive  
health care  
measures in  
addition to  
providing care  
and medications

## Mobile Clinic

Charter, Cayo, Haiti  
Tel: 309-2228-9229  
willhacit@yahoo.com  
www.willhacit.org

# MOBILE MEDICAL CLINICS

- Include eye consultations, needs, and reading glasses if prescribed

# MOBILE MEDICAL CLINIC

Dentistry is a large part of the clinics. Most people only know of two things a dentist does - pull teeth, and make false teeth. Preventive measures include teaching the importance of brushing and providing tooth brushes and paste when possible.

Nānas are very grateful for the  
baby bundles they receive while  
at the mobile clinic!

# Our newest addition to the clinic program— cervical cancer prevention

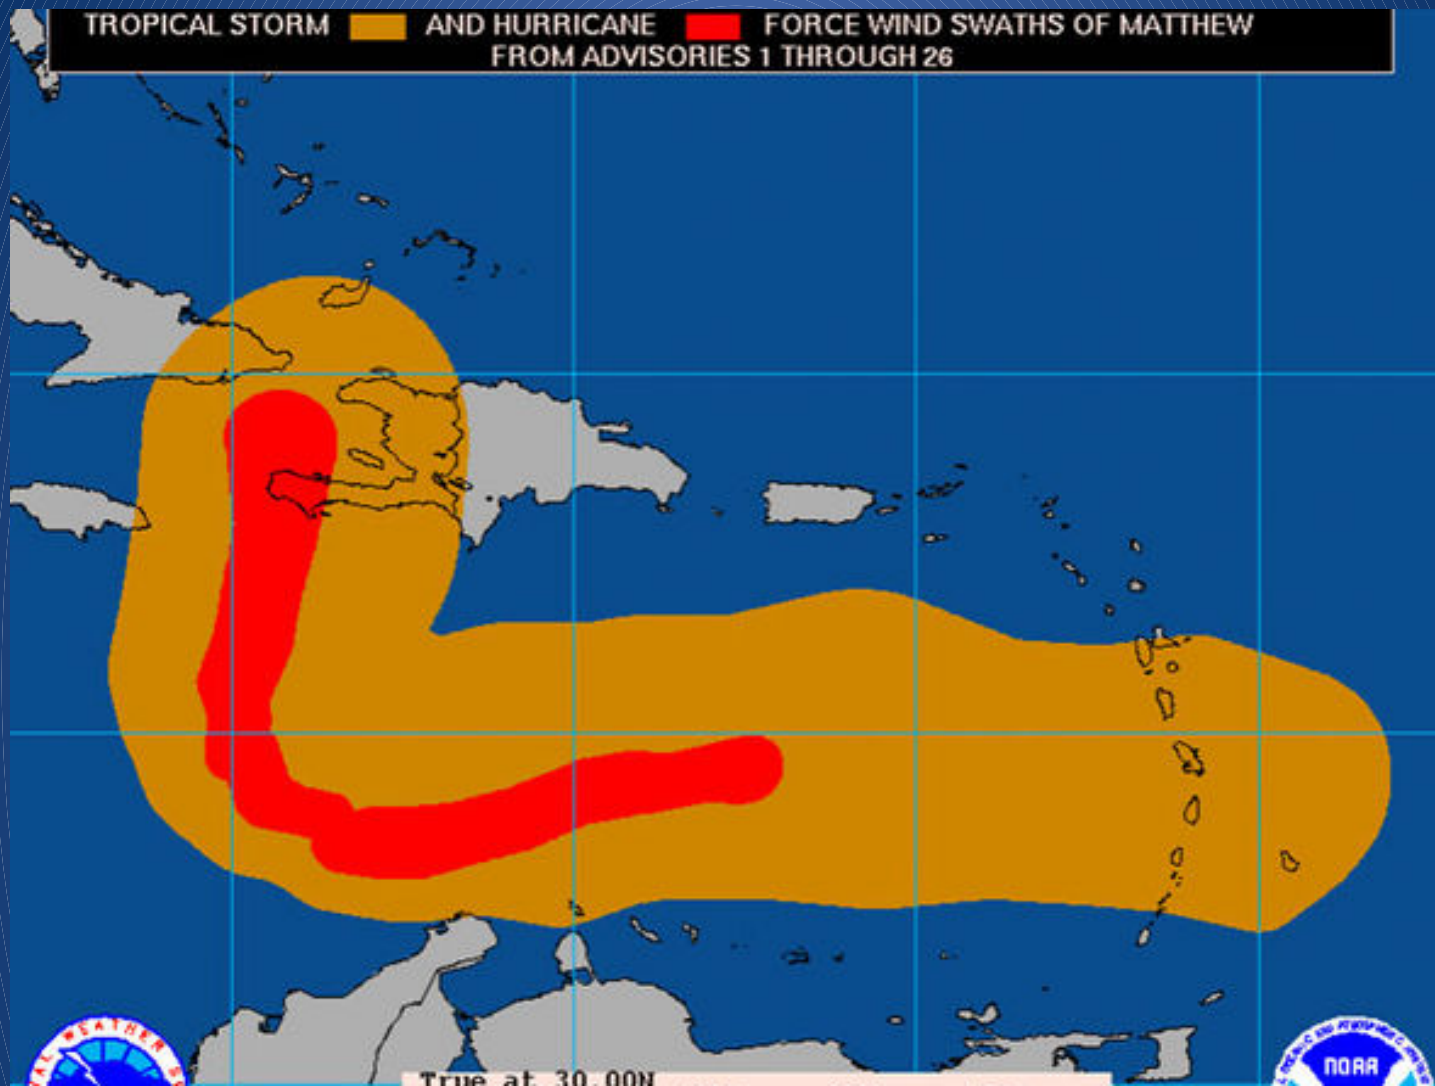

# DISASTER RELIEF
